Ideas for Today and Tomorrow

Tips for the Exams

- Dec Exam:
 - Take two hours daily and have an agreement with your families
 - Review COBIT Twice
 - Review the review manual
 - Try the exam questions
 - Concentrate on your weaknesses – first after reading each domain then as a real exam
 - Try to relax the last two weeks and take your leave after the exam
 - Non-IT candidates - try reading about IT Basics

Tips for the Exams (Cont.)

- June Exam:
 - Try to relax the coming days
 - Go through COBIT Summary
 - During exam measure your progress time
 - Every (60) minutes (50) questions should be answered and transferred to the answer sheet
 - Don't leave any unanswered questions
 - Use skip technique if its hard
 - Usually you can eliminate two answers
 - Take care of the phrases i.e. all are ok but one is the best, least impact, best fit, not material...

Thank You

- As our Prophet (SAWS) said “Who doesn't thank people doesn't thank God”
- Thanks for sparing your time & attending this session
- Thanks to our sponsors & the Ad-hoc Committee who made this event possible with their efforts & time
- As Allah said “Read” i.e. encouraging knowledge
- As our Prophet (SAWS) said “You'll be asked about four things and one of them is about your knowledge / science as what you have done with it? We should spread the knowledge / science instead of keeping it for ourselves
